

To
Dear Smt Inampudi Laxmi,
Founder of Aksharayaan & others

Aksharayaan is making significant strides in society through its initiatives that engage a diverse group of women writers to address pressing issues such as Seed development, HIV/AIDS control and Cultural legacy. The organization serves as a platform for over 1,500 writers, showcasing the strength of **collective action** in fostering awareness.

The involvement of more than 1,500 writers highlights the **power of community** in tackling societal challenges. This collective effort not only amplifies individual voices but also creates a broader impact on various issues.

Aksharayaan addresses essential topics including:

- i. Seed Development : Promoting sustainable agricultural practices
- ii. HIV/AIDS Control : Raising awareness and educating communities about prevention and treatment
- iii. Cultural legacy : Exploring and celebrating the richness of cultural narratives.

Through its programs, Aksharayaan acts as a guiding light, inspiring individuals to engage with these critical issues and work towards solutions. This commitment reflects a deep-seated dedication to make a difference to the surrounding world.

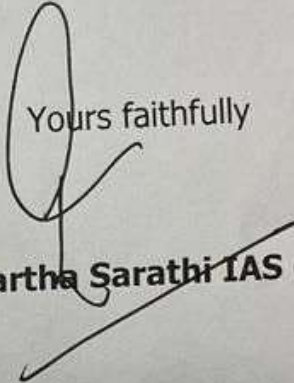

Co-working with the teams like Taruni, Abhigya bharti, Seetas charitable trust and many other NGOs, they are not only spreading awareness but also actively working towards creating positive change. Through their programs and initiatives, Aksharayaan is leading people towards a brighter future. It is heartening to see such a dedication and passion. The Team of female writers from the teens to the grannies, under this association, are working in their own way to bring about the positive change in the society in each possible way.

"Matruvandanam", an annual event organised at the Telugu University is a great initiative through which all the senior women writers above the age of 70 have been honored for their contributions to the world of literature. The revered writers' journey is also being recorded as interviews after the event. This unique initiative enables to recollect the past literature and also refreshes the energies of the seniors, paving paths for the younger generations to be inspired and guided.

The organization exemplifies how writing and storytelling can be powerful tools for social change, fostering a sense of community and encouraging dialogue around important societal topics.

Dt:01.09.2024

Yours faithfully

(C. Partha Sarathi IAS (Retd))
